IN LOVING MEMORY:

With family by her side, Helen Irene Robinson, left us peacefully while in the Intensive Care unit, Aberdeen Hospital, after a short illness. (24 March 1943 – 26 December 2021) Helen, was one of the strongest, most selfless, bravest, and kindest women to ever walk this earth and her family was blessed to have her as the head of the family. Helen was born to Wilfred and Irene (Skerry) Salter of Union Centre. Helen attended and graduated from Westville High. After graduating, she went on to pursue a career as an RN, where she obtained her license from the Aberdeen School of Nursing in 1963. Helen had the honor of furthering her studies and helped spearhead the first Intensive Care Unit at the Aberdeen Hospital. Helen and another colleague travelled to the USA to advance their nursing, in the studies of Intensive Care. Upon completion she returned to the Aberdeen and helped set-up, organize and trained others to open the new unit, where she worked for many years as the Head Nurse. Helen later changed her scope of work and specialized in the field of Drug Dependency Nurse Counsellor at Addiction Services in Pictou. She was very devoted to her Nursing Career and worked until the age of 70 years. She was a fiercely dedicated wife, mother, grandmother, sister, aunt, friend, and neighbor. Family came first and was above all else to Helen, a value she instilled in all those around her. She was a very devoted member of the Scotsburn Community. She held many positions over the years, President of the Ladies Aid through the Bethel Presbyterian Church, and President of the AMS to name a couple. She also volunteered for over 20 years with the Pictou North Colchester Exhibition, where she thoroughly enjoyed organizing the Queen Pageants, Little Miss Pageants, scheduling events, pancake brunches, and fundraising. Helen devoted herself to various other charities, fundraisers, and family events as well. She was also known as the community nurse whenever there was a need or crisis, she was called upon to help. She often said, “I love taking care of people”. She enjoyed and took pride in entertaining many family, friends and guests at her kitchen table. She was an amazing cook, baker, and maker of many new recipes. She was famous for her homemade Mac and Cheese (no other could compare). No one ever left her table feeling hungry. Famous words “what am I missing”, “have some more” and “take some home”. Helen was a perfectionist in every sense of the word, every event needed a plan and in order to plan she needed her clipboard handy. She loved to host, entertain, decorate, and organize for all. She enjoyed many things in life: Painting, decorating, playing cards, evening jams at the West Branch Hall, bon fires on a warm summer evening, and square dancing. But most importantly the pride she had for her family, and especially her grandchildren, not a day passed that she didn’t share stories about them. The absence left by her, is impossible to fill. Helen is survived by her husband of 57 years, Johnny; sons, John (Virginia,) Scotsburn; Jason (Stacy), Alberta; grandchildren, Jamie Salter (Dave Conrad), Hopewell; Jessica Dignan (Alex), Westville; Aidan, Nicole and Mitchell Robinson, Alberta; sister, Violet Hughes (Lloyd), New Glasgow; brothers, Garnet Salter (Bonnie), Sussex, New Brunswick; Ron Salter (Myrna), Pleasant Valley; Henry Salter (Joanie), Riverton and many cousins, nieces and nephews. Predeceased by son, Jonathan; sisters, Doris, Phyllis, Treva, Rose, Hazel and Joyce; brothers, Charles (Bud), Vernon, and Allison.

LIGHT HORSE CLASS DESCRIPTIONS

Grooming and Conditioning: judged on the fitness and how well-groomed the horse/pony is. The animal should be clean, with hooves well-trimmed or shod. It is recommended that preference be given to the animal whose ears, muzzle, fetlocks and bridle path are clipped for showing. Manes and tails should be tangle free and may be banded or braided. The halter and lead should be clean and fit well.

Halter: A class where the horse/pony is judged upon its conformation. Emphasis is placed on well-mannered individuals in the order of their resemblance to their breed ideal and that are the most positive combination of balance, structural correctness, and movement with appropriate breed and sex characteristics and adequate muscling. Animals will walk to the judge one at a time. As the horse/pony approaches, the judge will step to the right (left of the animal) to enable the horse/pony to trot straight to a cone placed 50 feet away. At the cone, the animal will continue trotting, turn to the left and trot towards the left wall or fence of the arena. After trotting, entries will be lined up head to tail for individual inspection by the judge. The judge will inspect each animal from both sides, front and rear. Grand and Reserve Champion Halter will be presented following Class #6.

Showmanship: Will be judged strictly on the exhibitor's ability to show a horse at halter. The horse/pony is merely a prop to demonstrate the ability and preparation of the exhibitor. The ideal showmanship performance consists of a poised, confident, neatly attired exhibitor leading a well-groomed and conditioned horse that quickly and effectively performs the requested pattern with promptness, smoothness, and precision. The showmanship class is not another halter class and should not be judged as such. It is mandatory that patterns be posted one hour before the class, and they should be designed to test the showman's ability to effectively present a horse/pony to the judge.

English Pleasure: To be shown at a flat-footed walk, trot, extended trot, and easy canter both ways of the ring. Entries may be asked to halt and rein back as a group or individually. Entries should be suitably dressed for the class. Entries will be judged on performance with credit given to a flowing, balanced, and willing mount. The quality of movement and consistency of gaits is a major consideration.

Command: Entries shown at a walk, jog or trot, lope or canter and counter canter. An elimination class where the riders are required to do as the judge asks. Manner of performance could be a deciding factor.

Road Hack: Entries to be shown at a flat-footed walk with a reasonable loose rein, trot, extended trot, easy canter and hand gallop both ways of the arena. Only 8 horses/ponies to gallop at one time and must be controlled. Entries may be asked to halt, rein back and stand quietly on a loose rein. Class will be judged on performance, manners, substance, and conformation.

Equitation: An evaluation based on the ability of the rider to perform various maneuvers in harmony with his/her mount. The rider will be judged on seat, hands, legs and ability to control the horse/pony. Rail work may be required and consist of walk, trot, and canter both ways of the arena. Riders will be asked to perform individual work consisting of any maneuvers the judge feels necessary to determine the rider's equitation. Pattern will be posted at least one hour before the class.

Western Pleasure: A good pleasure horse has a free-flowing stride of reasonable length in keeping with his confirmation. He/she should cover a reasonable amount of ground with little effort. Ideally, the horse should have a balanced flowing motion, while exhibiting correct gaits that are of the proper cadence. The quality of movement and the consistency of gaits is a major consideration. He should be shown on a reasonably loose rein but with light contact and control, without undue restraint. He should be responsive, yet smooth, in transitions when called for. When asked to extend, he should move out with the same flowing motion. Maximum credit

should be given to the flowing, balanced and willing horse that gives the appearance of being fit and a pleasure to ride. Horses must work both ways of the ring at all 3 gaits (walk, jog, lope) to demonstrate their ability with different leads. Horses are required to back easily.

Trail: This class will be judged on the performance of the horse/pony over obstacles, with emphasis on manners, response to the rider and quality of movement. Credit will be given to horses negotiating the course with style and some degree of speed, providing correctness is not sacrificed. Horses should receive credit for showing attentiveness to the obstacles and capability of picking their own way through the course when obstacles warrant it, and willingly responding to the rider's cues on more difficult obstacles. Horses shall be penalized for any unnecessary delay while approaching or negotiating the obstacles. The course must be designed to show all 3 gaits (walk, jog, lope). Pattern to be posted one hour before the class. Exhibitors will have 30 seconds or 3 refusals for each obstacle and then be asked to move on to the next obstacle by signal from the judge.

Western Horsemanship: This class is designed to evaluate the rider's ability to execute, in unison with their horse, a set of maneuvers set by the judge with precision and smoothness while exhibiting poise and confidence, and maintaining a balanced, functional and fundamentally correct body position. The ideal horsemanship pattern is precise with the rider and horse working together, executing each maneuver with subtle aids and cues. It is mandatory that patterns be posted one hour before the class. A rail ride may also be asked to be performed.

Versatile Horse: Class with consist of 3 portions (English pleasure, western pleasure and barrel racing). All clothing and tack changes will be made in the center of the arena with the help of grooms. Horses shall be given a score for each portion, but class will be placed as one.

Ranch Riding: The purpose of the Ranch Riding is to reflect the versatility, attitude and movement of a working horse. The horse's performance should simulate a horse riding outside the confines of an arena and that of a working horse. This horse should show ability to work in a forward, working speed while under control by the rider. Light contact should be rewarded, and horse does not have to be shown on a full drape of reins. The overall manners, responsiveness of the horse while performing the maneuver requirements and the horse's quality of movement are the primary considerations. The required maneuvers will include the walk, jog and lope both directions, and the extended jog and lope in at least one direction. As well as stops, turn to change directions and back up. Three optional maneuvers may include side pass, turns of 360 or more, change of lead (simple or flying), and walk, jog or lope over poles. Pattern to be posted one hour before the class.

Reining: riders guide the horse through a pattern of circles, spins, and stops. Originating from the maneuvers required to work cattle. Pattern will be posted prior to class.

***FREE* Costume Class:** Judged on originality of costume and equipment of horse. Walk only. Open to everyone and riders may be led. **No entry fee. Ribbons and/or prizes only. No prize money.**

***FREE* Toilet Paper Pairs:** Open to horses and ponies, English or western. Shown at the walk and jog/trot for youth and Smallfry. Seniors may be asked to canter/lope. A piece of toilet paper will be held between the 2 riders. Exhibitors must work in unison with their partner and not break the toilet paper. **No entry fee. Ribbons and/or prizes only. No prize money.**

Barrels: A timed event, timed on the horse's nose from start to finish. Consists of 3 barrels to be run around in a cloverleaf pattern. Contestants may start by going to either the left or right for the first barrel. A 5 second penalty for each barrel knocked will be incurred and going off pattern with result in a no-time elimination. Riders may compete with more than one mount.

Poles: A timed event, with time starting and stopping on the horse's nose. The pattern is run around 6 poles set in a straight line 21' apart, with the first pole being 21' from the start/finish line. Contestant runs the length of the arena alongside the poles, turns around the end pole and weaves back up through them. He then turns the first pole and weaves back through them and again turns the end pole and continues straight back to the finish line. The pattern may be started on either the left or right-hand side of the poles. Each pole knocked down will incur a 5 second penalty added to the time. Going off pattern will result in disqualification. Rider may compete with more than one mount.

Keyhole Race: A timed event, timed on the horse's nose from start to finish. Rider races across the start line to the other end of the arena where a keyhole shape is drawn on ground with sawdust (or similar). Rider must enter keyhole, stop and turn around and race out back to finish line without horse's feet stepping on or over the sawdust outline.

Dash for Cash: A timed event, timed on the horse's nose start to finish. Rider races across start line to opposite end of the arena, around one barrel and back to the finish line. All the entry fees for this class will be awarded to the 1st place winner. No other cash payouts will be given.

Butterfly Race: 2 sets of 3 poles are set in straight lines 30' from the start line. Rider must race down between the 2 rows of poles in a straight line then weave down through one set, cross over to the 2nd set and weave back up through. Rider then races back to the finish line between the 2 sets of poles. Pattern will be posted.

Crazy 8 Race: 2 barrels will be set 30 feet apart, 50 feet from the start line. Rider races to top barrel and completes a figure 8 around the 2 barrels and then races back to the finish line. Pattern will be posted.

***FREE* Egg and Spoon:** Riders will complete a pleasure class while holding an egg on a spoon in one hand. Last rider to lose their egg will be the winner. Walk jog/trot for youth and smallfry. Walk, trot/jog, canter/lope for seniors. No entry fee. Ribbons and/or prizes only. No prize money.

Longline – the purpose is to demonstrate a young horse that has movement, manner, expression, attitude, and conformation to be competitive under saddle. The class consist of a conformation inspection and a longline demonstration of all 3 gaits in both directions lasting 90 seconds.
